Friday 23 June

ICCES Winter Tour Returns
Hospital Expo Workshop - Ballarat Base

YEAR 8 ART EXHIBITION

Teaching in the Visual Arts is such a wonderful experience and this is highlighted when Highview students have the opportunity to display their fabulous talent. Earlier in the year, our Year 8s, along with the students of the Maryborough Education Centre, were invited to contribute to an exhibition of portraits at the Central Goldfields Art Gallery. The students were challenged to paint a large portrait of someone they

admired or who was important to them. As part of our DELTA Program, the students also created a piece of writing, expressing gratitude to those in their lives who inspire them. The Exhibition opening was well attended by the Maryborough community. We invite everyone to see this exhibition before it closes on Sunday 25 June.

Mrs Kate Edwards
Art Teacher

YEAR 8 EXHIBITION Cont...

YEAR 7 FOOD TECHNOLOGY

Students are enjoying the introduction of Year 7 Food Technology as part of Technology Studies in 2017. Students are being introduced to the basics of cooking; kitchen awareness, safety, hygiene, basic cooking skills and theory. Pictured are Year 7 students, Charlotte Barber and Ava Harrison learning table etiquette.

YEAR 9 NARMBOOL EXCURSION

Year 9 visited Narmbool, a tourism farm on the other side of Ballarat, owned by Sovereign Hill. At the farm, we had two experiences. We examined the water quality of one of the small dams and also investigated the farm's history and how the it worked.

At the dam, students tested the water in many ways including: water temperature, PH testing, we also collected small insects which we examined in detail. At the farm we learned about history by looking at old homesteads and buildings. We also learnt about how the farm was run, visited the shearing shed and were given interesting talks.

The day was enjoyable and we learnt about Narmbool.

Taylor Powers 9C

YEAR 8 ECOLINC EXCURSIONS

All four Year 8 Science classes trekked to Serendip Sanctuary to examine the creatures in the Wetlands. We then travelled to the Ecolinc laboratories in Bacchus Marsh where we chemically tested various samples of water to check the health of the water. Biologically indicators (small animals and organisms) were also analysed to indicate the health of water systems.

Mrs Leisha Skilton
Chemistry Teacher

WINTER UNIFORM

With cold weather already upon us, here are a few points to remind parents/guardians and students of Highview's requirements for winter uniform.

- Sports jackets are only to be worn during Sport (outdoor use only) and are not to be worn as an everyday item. A plain navy coat or jacket is acceptable. Macks stock plain navy spray jackets which work well over jumpers or blazers. Jackets are not to be worn in place of jumpers but are additional to wearing a jumper, if needed.

- Highview blazers are now available at Macks and add considerable warmth (and style) to the school uniform. T-shirts (including white T-shirts) are not part of the school uniform and should not be worn under shirts. White singlets or other items that do not show at the neck of the shirt are acceptable.

Sports hoodies will be available at Macks from Monday 19 June, so students participating in ICCES will be able to purchase prior to this event.

VCE TOP DESIGNS EXCURSION

Students studying VCE Visual Communication & Design, Design & Technology, Interactive Digital Media and Food & Technology students to Melbourne last week to see the Top Designs Exhibition.

Top Designs is an inspiring exhibition of works produced by VCE Media, Design and Technology, Food and Technology, Systems Engineering, VCE VET Interactive Digital Media, and Visual Communication and Design students. It is organised by the Victorian Curriculum and Assessment Authority and displays the Top Folios from 2016 in each subject. Our students had the opportunity to view the developmental folios and design plans alongside the finished work. They were able to gain a clear picture of what they can achieve and what is expected of them in terms of developing a top quality folio of work.

The work was diverse - from furniture using wood and metal, garments and fashion items, graphic and product design, games, interactive digital media, film, publishing, photography, food menu plans to mechanical and electronic systems.

Jeanean Pritchard
Head of Arts

LOGO DESIGN WINNERS

Congratulations to Abbey Mottram for designing the winning logo for local business Wattle Grove Motel, to Harry Cain for being a finalist and a special mention to Ellena Edwards for her excellent contribution.

EBT TRIKE BUILDING/REPAIR

If any Highview College families or friends have knowledge or expertise in Trike building and repairs, we would love to hear from you!

Please contact coordinator Luke Treacy for more information, 54591000 or ltreacy@highview.vic.edu.au

YEAR 9 CAMP

In May, Year 9 students walked with a spring in their step towards the buses that would be taking us to the Lady Northcote Recreation Camp. We were greeted by our lovely camp leader Ash. She showed us our way around the camp. We then set up our rooms then headed to complete two of the six activities we would experience at camp. These included archery, raft building, giant swing, high ropes, Leap of Faith and bike riding. The delicious menu included pasta with a choice of bolognese, carbonara and vegetarian sauce. For dessert, ice cream with a choice of blue heaven, caramel, strawberry or chocolate topping. On the first night we got into pajamas, grabbed blankets and pillows and headed down to the hall to watch a movie called iRobot. After the movie it was into bed and talk for a little bit until lights out.

The next morning started a bit chilly. Despite that, it was a nice day for all the activities planned. For breakfast, it was a delicious choice of pancakes with maple syrup, toast or cereal. We then headed up to our rooms to finish our morning routine before everyone gathered in our groups to head off to our next two activities. By the time students had finished their activities it was lunchtime and the camp staff had prepared an arrangement of different salads and meats to put in a bread roll. Once everyone had finished their lunch, we then walked to our last two activities of the camp. Before we knew it it was time to come back to the camp for free time before tea. On the menu was a delicious chicken schnitzel with roast vegetables and for desert chocolate mousse. After tea, it was time for boot camp that consisted of tunnel ball, zigzag passes, boxing, funny team relays and questions, running and holding rocks above our head for 4 minutes. The boot camp was tiring and entertaining so after that the leaders sent us to

of the camp, The Mission. It was a scavenger hunt that consisted of different activities we had to complete as well as word puzzles we had to figure out all around the camp. The scavenger hunt finished just as the busses started to arrive, the teachers come out with the most delicious scones we had ever tasted. The Year 9s all got their bags from the games room, put them under the bus and hopped onto the bus. We said our last goodbyes to the camp leaders and the camp itself before the buses took off on the hour and a half drive home. The ride home was very quiet, as everyone tried to catch up on lost sleep.

Kaitlyn Mckimmie 9A

YEAR 9 FORENSIC SCIENCE

A kidnapping has taken place! But have no fear, the Year 9 Forensic Science class are investigating. Students examined the crime scene (aka the Biology lab set up for the task) and collected a variety of evidence which they will examine and test over the coming weeks alongside witness statements in order to solve the crime.

Mrs Leisha Skilton
Forensic Science Teacher

YEAR 12 CHEMISTRY

As part of the course for Unit 3 Chemistry, students needed to design their own investigation on an aspect of Chemistry involving Energy. The Year 12s designed numerous different tasks to examine how the voltage produced by chemical reactions changes under various conditions such as concentration, temperature and number of cells in a series. Students collected a variety of data and produced Scientific Posters to discuss the experiments. The posters are currently on display in the Chemistry lab.

Mrs Leisha Skilton
Year 12 Chemistry Teacher

YEAR 10 FedUni EXCURSION

Highview's Year 10 cohort recently attended the newly introduced Federation University Experience Day. Students were able to choose areas of interest and make their way around the campus to visit the faculties to engage in hands experience. The students found this to be a rewarding, insightful and eye opening day. Because of this, many students are now considering a university course post VCE!

Careers Department

It was helpful that we got to explore a career we were interested in more depth. A lot of the workshops and explanations were hands-on. We got to work in the Bio Labs, the Engineers' Room and use some of the equipment. The paramedics had CPR monitors (to show if you are do CPR correctly) stretchers, a practice defibrillator and an ambulance we could look through. We were able to ask teachers and students questions and they were really helpful in providing their point of view.

Samuel Hobbs 10D

NOTE TO PARENTS

If you need to bring anything to school for your son/daughter, we ask that you come to Reception first, even if your child has contacted you and suggested you meet at the front of the school. As a matter of safety for all our students, we need to be able to monitor who has contact with students and who is authorised to be on the school grounds. We thank you for your co-operation in this matter.

Ms Marion Martin
Director of Pastoral Care

FROM THE ACCOUNTS DEPARTMENT

Conveyance Allowance

The conveyance allowance is a form of financial assistance to help families in rural and regional Victoria with the cost of transporting their children to their nearest appropriate school/campus. The conveyance allowance is available to eligible students travelling by public transport, private car and public bus.

In summary for Highview Students to be eligible:

- Students must attend their closest non-government 'Christian' College
- Reside 4.8km or more from Highview
- Reside 4.8km or more from the closest 'Free Bus Service' bus stop

Forms are available from the Highview Office.

For more information please refer to www.education.vic.gov.au or contact the Highview office on 03 5459 1000.

Camps Sports and Excursion Fund (CSEF)

CSEF is provided by the Victorian Government to assist families to cover the costs of school trips, camps and sporting activities.

If you hold a valid means tested concession card or are a temporary foster parent, you may be eligible for CSEF. The CSEF is paid directly to the school and is allocated to the school camp/excursion portion of the school fees. Forms will be accepted until 30 June 2017, however, forms are encouraged to be returned as soon as possible.

Forms are available from the office or our website.

For more information please refer to www.education.vic.gov.au or contact the Highview office on 03 5459 1000.

School Fee Payments – direct deposits

When making direct deposits into the Highview bank account for the payments of your fees please include a reference including your surname and account number.

Congratulations!

ROTARY OPPORTUNITY

Late last year the Rotary Clubs of Ararat and Stawell conducted a Students' Discovery Tour to Cambodia as a positive alternative to "Schoolies' Week". Though only a small number went on the Tour 2 were students were from Ararat College, we hope that with the support of local schools that we will have a larger team this year.

The students who came from schools in Stawell and Ararat bonded together as Team Cambodia 2016 and were excellent young ambassadors for the Australia and did their schools proud. With the two Rotary Clubs they helped raise some \$5000 which was allocated to projects in Cambodia

1. The purchase of 10 desktops computers to establish a computer class for Sre Ambel High School
2. Library books and educational aids for Sre Ambel primary schools.

The team was well lead by Dr Bryan Humphreys, a Rotarian from East Geelong, a former school principal and experienced NGO development person who has had several years experience working with Cambodia NGOs. Dr Humphrey has made himself available to lead this year's Tour as well.

As part of tour the students were able to glimpse a view of modern Cambodia and its culture which is recovering from genocide of the Khmer Rouge and the tensions of the Vietnamese occupation. Visits to the Royal Palace, Tuol Sleng and the Killing Fields followed by a tour of Siem Reap and Angkor Wat helped round a cultural, and historical adventure which they all enjoyed.

The Rotary Clubs of Stawell, Ararat and Maryborough are in the planning stages for Cambodia Team 2017 for November and December this year for Year 12 Students.

The local Rotary contacts for this year are :
Karen McCarthy – Karen.McCarthy@rotary9780.org
Maryborough Rotary President 2017-2018
Derrick Marsden sandek44@bigpond.com and the undersigned for Stawell Rotary
Harold Breitingger harold@breitingger.biz Maryborough Rotary

Yours sincerely,

Harold Breitingger

Youth Director, Maryborough Rotary 2017-2018

CAREERS

YEAR 10

WORK EXPERIENCE

Work Experience week is 26-30 June. All Year 10 students need to have organised a placement in the next couple of weeks to ensure all paperwork can be finalised prior to commencement. Forms are available from Mrs Howlett or reception. If you are having difficulties, please see Mrs Howlett asap.

GIRLS 'DISCOVER THE WORLD OF ENGINEERING AND IT'

Do you enjoy solving problems and enjoy maths and science? Would you like to attend practical workshops and have the chance to meet current female engineering university students? If yes, then you are encouraged to attend. When: 9.45am-3.30pm, Thurs 6 July; Who: Year 10 girls; Where: Monash University; Register: www.monash.edu/discover-eng-it (lunch and morning tea provided).

YEAR 12

EARLY ENTRY PROGRAMS

LaTrobe Aspire

Aspire is La Trobe's early admissions program which rewards students who volunteer, lead and make a positive impact on their community. Over the past few years, the program has grown exponentially and is highly regarded in the community for recognising that students are more than their ATAR alone. Applications for study in 2018 opened on 1 June and will close on 31 August 2017.

Students who successfully apply to La Trobe through the Aspire Program receive an early conditional course offer, minimum ATAR requirements and access to study support throughout Year 12.

For more information visit <http://www.latrobe.edu.au/study/aspire>

ACU Early Achievers' Program

If you regularly volunteer in your community - through your school, community organisation, or cultural or religious group - you could be eligible for the Early Achievers' Program entry into an undergraduate degree. If successful, you'll receive an offer as early as August to study, and benefit from opportunities to enhance your leadership and volunteering skills while at ACU. Applications to study in 2018 opened on 26 April and will close at midnight 17 July 2017. Offers released by end of August 2017. For more information visit http://www.acu.edu.au/study_at_acu/pathways_And_entry_schemes/year_12_student_entry/early_entry

SCHOLARSHIPS

Every year thousands of dollars in scholarships is left unclaimed! Scholarships can be a great way to get some financial assistance during your studies and you can apply for a large number of them with just a single

application through VTAC. It's commonly thought that scholarships are only offered to students based on high academic results. However, there is a broad range of scholarships available based on a range of criteria that can assist with things like tuition fees, accommodation, study costs, or even relocation from a regional area to complete your studies.

If you're completing a course application with VTAC for 2018 study, you're eligible to apply for scholarships! The following website provides some guidance for completing scholarship applications, including the types of scholarships available <http://www.vtac.edu.au/scholarships.html>

OPEN DAY DATES

It is time to begin preparations to attend University Open Days! It is really important that you're familiar with the institutions on offer and the best way to compare them is to visit them.

- AUSTRALIAN CATHOLIC UNIVERSITY (ACU) - Sun 13 August (Melbourne); Sun 27 Aug (Ballarat)
- BOX HILL INSTITUTE - Sun 20 August (Lilydale); Sun 27 August (Box Hill)
- DEAKIN UNIVERSITY - Sun 6 August (Warrnambool); Sun 20 August (Geelong); Sun 27 August (Melbourne)
- FEDERATION UNIVERSITY - Sun 27 August (Ballarat, Berwick and Gippsland)
- HOLMESGLEN - Thursdays - book on-line
- LA TROBE UNIVERSITY - Sun 6 August (Melbourne); Sun 27 August (Bendigo)
- MELBOURNE POLYTECHNIC - Sat 19 August (Preston)
- MONASH UNIVERSITY - Sat 5 August (Peninsula); Sun 6 August (Caulfield and Clayton); Sun 20 August (Parkville)
- RMIT - Sun 13 Aug (City and Bundoora)
- SWINBURNE - Sun 30 July (Hawthorn)
- UNIVERSITY OF MELBOURNE - Sun 20 August (Parkville)
- VICTORIA UNIVERSITY - Sun 20 August (Footscray)

OTHER DATES:

'INSIDE MONASH' Seminars - June 5 Medicine & Biomedical Science; 14 Business; Aug 15 Music, 31 Education; 31 Science and Careers; Register: www.monash.edu/inside-monash

EXPERIENCE LA TROBE - Designed for Year 10-12 students and their parents to give a taste of what it's like to be a uni student for a day. Take your pick from interactive workshops, lectures and seminars run by leading academic staff. When: Bendigo 5 July. Secure your place now at www.latrobe.edu.au/experience-ltu

HEALTH INFORMATION SESSIONS AT DEAKIN UNIVERSITY - for Exercise and Sport Science, Food and Nutrition Sciences, Health Sciences and Nursing and Midwifery.

Register: www.deakin.edu.au/health/events; Course Information: 1800 693 888.

CAREERS

DISCOVER DESIGN AT SWINBURNE HOLIDAY PROGRAM - For students wanting to learn more about design careers, courses and pathways. Participants will develop a design portfolio, broaden their problem-solving and design-thinking skills and work in teams - just like in a real studio. Who: Year 10-12 students. When: 9am-5pm, 11-14 July. Where: AMDC Building, Melbourne Design Factory, Level 5, Swinburne Hawthorn. Places are limited so register early at: www.swinburne.edu.au/events/departments/health-arts-design/2017/07/discover-design-at-swinburne.php

MONASH SCHOOL HOLIDAY SCIENCE PRECINCT TOURS - If you would like a closer look at the new Monash science facilities and learning spaces, get a feel for campus life, and chat with current students, then book in. When: 11am - 12 noon on several days in the July school holidays; Register: www.monash.edu/science/about/events.

AUSTRALIAN CATHOLIC UNIVERSITY (ACU) UNIVERSITY EXPERIENCE - ACU is again hosting 'University Experience' days. These are an opportunity for Year 10-12 students to try some courses and hear from current students. You will be able to attend two workshops of your choice and visit the campus. Parents can join in their own session in the morning if they wish. Students can choose from nursing, midwifery, business, paramedicine, education, physiotherapy, psychology, public health, exercise science, theology and lots more! When: Melbourne campus: Tues 4 July; Ballarat campus: Tues 11 July; Information and bookings: www.acu.edu.au/uni-experience.

ZOOS VICTORIA Keeper for a Day - Zoos Victoria is a place full of passionate conservationists committed to providing a safe place for species in the future. You can discover what it's like to work at Healesville Sanctuary and become a Keeper for the Day. Heading behind the scenes, you will get a hands-on experience of what it's like to work as a zoo keeper. When: 9.30am-3.30pm, July 4, 11 & 12; Cost: \$115.00; Book: 9340 2788 or see <https://www.zoo.org.au/healesville/whats-on/keeper-for-a-day>. There is a similar program at Werribee Open Range Zoo - see: <https://www.zoo.org.au/werribee/whats-on/keeper-for-a-day>.

Deakin Step on Campus

School Holidays Tours

Take a personalised tour with a current Deakin student and learn more about Deakin's study areas, campus life and how to make the best transition into university.

Where: Melbourne Burwood, Geelong Waurn Ponds, Geelong Waterfront and Warrnambool campuses

When: Term 1 and Term 3 school holidays (every Monday and Thursday)

Time: 10.00 am, 12.00 pm and 3.00 pm (Tour duration is 45 minutes)

FedUni TAFE

Creative & Environmental Careers Camp

4 & 5 July 2017

Get hands on and explore how you can turn your passion into a career!

FedUni TAFE is excited to announce our two day Creative and Environmental Careers Camp!

9.00am Tues - 4.30pm Wed
4 & 5 July 2017 (July School Holidays)
For students in years 10, 11 and 12.

Over two days, you'll be immersed in the career area of your choice. You'll undertake hands on activities that will give you a thorough understanding of what might be involved in the day to day 'upperings of your chosen career'. Our expert staff will guide you through some of the key skills you'll need, and some of the activities undertaken in order to succeed in the work environment.

All activities will be based at our SMR, Gillies & Camp Street Campuses in central Ballarat. Accommodation and evening activities will be provided at our Mt Helen Campus.

Students are expected to arrange their own transport to and from the camp. All catering, travel, accommodation and supervision requirements for the duration of the camp are included.

\$50 all inclusive (meals, transport & accommodation)

Register your interest to receive an enrolment form & parent information pack at: Federation.edu.au/TAFECamp

CHOOSE FROM:

Conservation & Land Management

We'll examine skulls, bones & other specimens to determine species. You'll then participate in field work, setting up cameras & equipment for observation of bird behaviour & reporting on the recordings obtained overnight.

You'll also gain insights from experts working in the field including a guest speaker from Parks Victoria (Fauna).

Live Production

Love the entertainment business - but don't want to be the centre of attention? Come & get a taste of live recording & mixing using the latest digital sound mixing consoles & crack out our large array of Microphones.

You'll also discover the world of stage lighting, creating special effects & sequencing - you'll make your lighting choice to the best!

Professional Writing & Editing

Create a portfolio of polished writing in a range of genres. You'll compose both fiction & non fiction pieces & then move on to refining your work with sessions on grammar, punctuation & editing.

Finish up with a workshop covering evaluation & revision, peer appraisal & polishing of text for your Portfolio.

Graphic Design

Immerse yourself in our graphic design studio.

Using the latest in design technology you'll participate in image making, studio photography, photoshop design and editing, typography and poster design as well as character illustration.

Building Design

Get started with hand drawings on boards, of house plans & elevations. We'll then progress to development of those designs & elevations using AutoCAD and Revit.

Moving on to surveying, you'll measure up rooms, determining floor & ceiling heights, levelling exercises. We'll also look at soil testing & finish up the camp with model making.

Screen & Digital Media

Learn the skills required to create the games you love to play.

We'll explore digital video editing with Premiere Pro and Adobe After Effects & get hands on with live motion tracking of subjects and compositing 3D models onto real backgrounds, green screen keying and audio lighting.

REGISTER YOUR INTEREST TODAY!

YEAR 10 CREATIVE MASTERCLASS - CAN YOU HELP?

This unique class is seeking skilled Mentors to assist students with their projects. The class runs each Monday 10.45am - 11.30am and Wednesday 8.50am - 10.20am in the Highview College Workshop.

The nature of the class is that students select a technology or art-based project, or a new skill to learn. They then find a mentor to offer guidance in their chosen skill.

Some of the tasks that we require assistance with include:

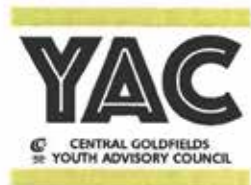

- Creating a story book for children who suffer from anxiety
- Wood carving
- Wood turning
- Architecture, 3D modelling
- Making a surf board
- 3D printing a quad copter
- Plus many other varied wood and metal projects

Mentors need to have a 'Working with Children' clearance. Applying for this is easy, and we can assist you. How much time you offer is entirely up to you. The Mentor time is given on a voluntary basis.

Please consider this unique opportunity to provide valuable assistance to the young people of our community. We would be delighted to welcome you to Highview College.

For further information please email tpayne@highview.vic.edu.au or phone 5459 1000.
